Popular in continental Europe and the UK, speedway is one of the most exhilarating motorsports you can watch and bet on. The motorcycle sport involves adrenaline junkies negotiating flat oval dirt tracks in an anti-clockwise direction on single-gear bikes, which can go from nought to 60 mph in just 2.3 seconds. Riders take advantage of the dirt surface by sliding their bikes sideways into the bends using a method known as broadsiding, helping them to maintain momentum and power down the straight sections of the track.

Speedway Races

Speedway races (also known as heats) are four laps long, with two teams of two riders competing for pole position. Some races feature six riders, but this is rare as most modern speedway tracks are too narrow to accommodate the additional riders safely.

Home team riders wear red and blue helmets, while visiting riders wear white and yellow/black helmets. The starting area is split into a grid of four equal sections, with riders from each team taking their place in alternate grids.

He informs her the dragon eggs are from the Shadow Lands beyond Asshai and that time has turned them to stone.
