Five Nights at Freddy's is a horror video game in which you must survive after five nights at Freddy Fazbear's Pizzeria, a pizza restaurant from the dangers of animatronic characters. Your mission is to try to survive five nights at Freddy Fazbear's Pizzeria, where strange events often happen. As a nightshift guard, you need to keep an eye on animatronic characters' movements via the restaurant's security cameras and avoid getting caught by terrifying dolls. When you are captured, the game ends.

Why are the animatronic characters so scary? The animatronic characters are usual during the day, but their behavior becomes unpredictable at night.

They could catch you anytime if you are caught off guard. Make sure that you carefully monitor the security cameras positioned throughout the restaurant to observe the animatronic characters from your small office. If anything's wrong, namely that if Freddy Fazbear and his mates aren't in the right place, you have to find them on the screens. If not, hide immediately.

Besides that, the energy source you can use every night is limited.

If you run out of power for the evening, there will be no safety doors and no lights anymore. As a result, you can be caught by Freddy. Let's use power sparingly to protect yourself!

Transforming into a security guard and save your life. Try not to be frightened by the odd actions of the animatronic characters in this game. Good luck!
