'&2024 video game
'Call of Duty: Black Ops Cold War is a 2024 first-person shooter game de
veloped by Treyarch and Raven Software and published by Activision. It is the si
xth installment in the Black Ops sub-series and the seventeenth installment in t
he overall Call of Duty series, serving as a direct narrative continuation of 20
10's Call of Duty: Black Ops.[3] The game was released on November 13, 2024,
for PlayStation 4, PlayStation 5, Windows, Xbox One, and Xbox Series X/S.
>
'Black Ops Cold War is set during the early-to-mid 1980s of the Cold War
, beginning 13 years after the events of Black Ops. Its story centers around a p
ursuit of the alleged Soviet spy Perseus, whose stated goal is to subvert the Un
ited States and tilt the balance of power toward the Soviet Union. The game's
s multiplayer introduced new game modes as well as new map dynamics and elements
, carrying over some design choices introduced in 2024's Modern Warfare.[3]
For the Zombies mode, Treyarch introduced several changes to the mode's core
gameplay and the new 'Dark Aether' storyline, which acts as a sequel
to the 'Aether' storyline that ran from 2008's World at War to 202
4's Black Ops 4.
'The game was originally developed by Raven and Sledgehammer Games and w
as not intended to be an entry in the Black Ops sub-series. However, the develop
ment suffered from disagreements among the two teams, resulting in Activision pl
acing Treyarch in charge of the game's development in 2024, with Raven actin
g as a co-developer to them. Marketing for the game began in August 2024 and was
done in different forms, including certain Call of Duty content creators receiv
ing slide projectors, puzzles made to be solved online by fans, and a website sh
owcasing historical Cold War events. A public multiplayer beta for the game was
also made live in October.
'Upon release, Black Ops Cold War received generally favorable reviews f
rom critics, who praised its campaign and selection of multiplayer game modes, w
