dgehammer Games and published 🍋 by Activision. It was released worldwid
e on November 3, 2024 for PlayStation 4, Windows and Xbox One. It is the &#12781
9; fourteenth main installment in the Call of Duty series and the first title i
n the series to be set primarily 🍋 during World War II since Call of Du
ty: World at War in 2008.</p&gt;
<p&gt;The game&#39;s campaign is set in the European &#127819; theatre and i
s centered around a squad in the 1st Infantry Division following their battles o
n the Western Front and 🍋 set mainly in the historical events of Operat
ion Overlord. The player controls Ronald "Red" Daniels, who has squadm
ates who can 🍋 supply the player with extra ammunition, health, or gren
ades as well as a targeted grenade and target spotting; none of 🍋 these
are automatically replenished in the campaign. The multiplayer mode features ma
p locations not seen in the campaign. The mode 🍋 also features the new
Divisions system, replacing the create-a-class system that previous games in the
series used. A social hub, 🍋 named Headquarters, was also implemented
into the game, allowing for players to interact with each other.</p&gt;
<p&gt;Sledgehammer Games were interested in &#127819; bringing the series ba
ck to World War II after developing their previous title, Call of Duty: Advanced
Warfare (2014), which 🍋 featured advanced movements and futuristic war
fare technology. Studio head Michael Condrey stated that he was unsure if a Worl
d War 🍋 Il game would feel right after creating a futuristic title like
Advanced Warfare, but the developers ultimately decided to create 🍋 a
game in this time period. They also chose to include atrocities and Nazi concent
ration camps in the campaign mode 🍋 to deliver an authentic war story.&
