In Catpad, you play as a cat! And as a cat, you can

do regular cat stuff; you can build a tower out of boxes, play memory

and sometimes even drive a car at high speeds. As you play, shiny power-up

balls will show up. Hitting enough of these balls will put your cat into

Fever Mode! In this mode, your cat goes a bit crazy and will start scoring

tons of points. This can help you to set new highscores and get

new achievements. By getting good scores, you will unlock new items to decorate

your cats home with! There's more than 6 games for you to master

. Can you and your cat become the perfect duo?

How to play Catpad?
