Odds

Odds is a way of describing the probability of a certain event occurring. Odds are related to the occurrence. They can be represented in different forms, being the most common the fraction, the decimal or the value decimal. For example, the odds of 6:1 signify that, if a certain event occurs, you will receive six times the amount bet as profit.

Tabelas 2x2 e Odds

A relationship between the odds of two groups can be calculated by the division of the odds of the exposure group by the odds of the control group. This
