Call of Duty: Vanguard is a great Call of Duty entry with absolutely stellar series pieces, fantastic visuals, and plenty of modes surrounding an excellently fun campaign. The only downsides are the muddled stories & not to mention what is happening in the company that published it.

Campaign has numerous historical inaccuracies, there's combat shields in ww2, and reticle attachments that weren't introduced until the 1980's. Game also crashes consistently. It seems that Call of Duty let interns create their game to see how it would turn out/if consumers would still purchase the game and battle pass.
